## **DETAILED ACTION**

### ***Allowable Subject Matter***

Claims 1-20 are allowed.

The following is an examiner's statement of reasons for allowance: the prior art of record does not disclose or teach a linear motor elevator system with a compensation stator section located adjacent to a gap in the stator in combination with the other features of claims 1 and 11.

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Miyazaki et al. 4,849,664 discloses a device he calls a linear motor car system where a section of the track operates as an elevator. There are gaps in the stator section of the device where the track turns a corner and goes up instead of sideways but those gaps are not in the portion of the device where it operates as an elevator. Also there are no compensation stator sections in the elevator portion of the device.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Judson H. Jones whose telephone number is 571-272-2025. The examiner can normally be reached on 8-4:30 M-F.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Darren Schuberg can be reached on 571-272-2044. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
